CULTIVATION

Following the keen interest evinced in our personal instruction classes on Orchid Culture and to fulfill the demand advanced by numerous interested persons unable to attend because of distance, we are instituting a correspondence course in this subject. The entire series of ten lessons will be conducted by Cyril Warren, who has had forty years experience in the collection, growing and merchandising of orchid plants and their flowers, at the nominal cost of \$4.50 for 10 lessons.

This course enables both the amateur with no experience and the man with some knowledge of orchids to fulfill his desire to grow these floral aristocrats around which has been drawn a veil of mystery.

GENERAL INFORMATION

THIS VOIDS ALL PREVIOUS LISTS

We take every precaution to keep each variety true to name. All claims must be made immediately on receipt of goods. Later claims will not be considered. When loss occurs through our fault, we will take pleasure in correcting same, but will not be responsible for damage in transit, claims for which should be made at once to the Carrier.

All sales and prices are on a strictly cash basis. Our prices are low; we guarantee full count and render the best possible service in every way. **All offers made subject to goods being unsold.**

All orders amounting to \$2.00 or over, packing free. Orders less than \$2.00, please add 25c for packing. Shipment will be made by Railway Express Agency **only**, transportation charges "collect." No C.O.D. shipments; no order accepted for less than \$1.00.

California customers please include 2½% sales tax required by law.

NOTICE! When ordering by mail, we suggest that you list a few substitute varieties in case some ordered are out of stock. OTHERWISE, we will substitute as near variety ordered as possible. **No exceptions.**
